DOCKETED BY

I am respectfully requesting that the Trico Electric Cooperative be required to establish a net metering reset date of October each year, rather than the proposed March of April. Setting the reset date in October will allow me to maximize the use of any excess energy that my solar electric system produces during the summer months.

Thank you for your consideration.

Brian Slocum

Dear Sirs

I am requesting that the Trico Electric Cooperative establish a net metering reset date of October of each year, rather than March or April. Setting the reset date in October will allow me to maximize the use of any excess energy that my solar system produces during the more productive summer months.

Thank you.

Linda Slocum
